

**ASBESTOS LAW COMPLIANCE NOTICE  
2009-2010**

To Parents, Students and Staff:

Teague ISD has complied with a federal law requiring schools to be inspected for asbestos and to develop management plans to address asbestos in schools. As required, each campus will house a copy of the management plan, and a copy of the master plan is housed at the administration office. These copies are available for public viewing. Any questions concerning this matter should be directed to:

**Jerry Rogers, TISD Asbestos Manager at 420 N 10<sup>th</sup>, Teague, Tx 254-739-5222**

This notice is in compliance with the Asbestos Hazard Emergency Response Act and Texas Asbestos Health Protection Rules. (40 CFR 763 Subpart E & TAC 295.63)

**NOTICE TO PARENTS**

As part of our commitment to provide your child with a safe, pest-free learning environment, the Teague ISD may periodically apply pesticides to help manage insects, weeds or pathogens. Pesticide applications are part of our integrated pest management (IPM) program, which relies largely on non-chemical forms of pest control. Pesticide applications on Teague ISD are made only by trained and licensed technicians. Should you have questions about this district's pest management program or wish to be notified in advance of pesticide applications, you may contact our IPM coordinator:

**Jerry Rogers                      420 N 10<sup>th</sup> Teague, Tx.                      254-739-5222**
