

Teachers,

Please remember that we are working in a “Wall of Honor” for our area veterans. We want to honor everyone who served or is currently serving in our nation’s armed forces that have a connection to the Teague community. This can be a relative of yours, even if that person never lived in Teague (i.e., “John Doe, USMC, WWII, grandfather of [your name], teacher at Teague High School.” You would be their connection to Teague.

We have a great space already selected in the library, and several other displays are planned to go along with our wall. We urge you to be a part. All we need is a photograph that we could borrow and scan, along with the biographical information of the person to be honor. All photos will be returned.

Thank you for your participation!

Sincerely,
Kyle Kilman
